

# Installing Citrix for iPad to access EPIC

## Connect to WiFi

1. Go to Settings > Wi-Fi on your iPad
2. Select the LLU-Safe wireless network
3. Login using your LLU Email address and password

## Install Certificate

1. Go to <https://myllu.llu.edu/downloads> on your mobile browser.
2. Tap on the option **LLUH-CAroot.mobileconfig**.
3. Tap on the **Install** button on the **Install Profile** screen.
4. Tap on the **Install** button on the **Warning** screen.
5. Tap **Install**.
6. Tap on the **Done** button at the **Profile Installed** screen.

## Install App

1. Go to the App Store on your iPad.
2. Search for the **Citrix Receiver** app.
3. Install the app.  
(Note: The actual icon may look different than the example.)

## Configure the App

1. Open the **Citrix Receiver** app.
2. Select **Add Account**.
3. Enter or copy & paste the following address into the address field:  
**https://ctxweb.mc.ad.lluahsc.org/citrix/pnagent/config.xml**
4. Click **Next**.
5. The app will verify the server address and populate the description field automatically (see example).
6. Enter your credentials:

Username: **Outlook/[LLEAP username]**  
Password: **Outlook/[LLEAP password]**  
Domain: **MC**
