

## ACM SIGCHI PAPER REFERENCES FORMAT

References must be the same font size as other body text.

References should be in alphabetical order by last name of first author.

Example reference formatting for individual journal articles [3], articles in conference proceedings [7], books [9], theses [10], book chapters [11], an entire journal issue [6], websites [1,4], tweets [1], patents [5], and online videos [8] is given here. This formatting is a slightly edited version of the format automatically generated by the ACM Digital Library (<http://dl.acm.org>) as “ACM Ref”. More details of reference formatting are available at:
