Rationalization of Voting Rules

Reading Questions for Monday, April 25, 2016

We ask you to submit comments on the following readings by midnight Sunday April 24:

Your comments should include both answers to the specific reading questions and generic response about the papers. You are welcome to include any questions you have about the papers in your comments. After submitting your own comments, you’ll be able to see others’ submitted comments. You can comment on others’ submissions and answer raised questions on Canvas. Discussion on Canvas is strongly encouraged.

1 Reading Questions

1. What are voting rules? Explain this paper’s voting model. When does this particular voting model apply?

2. What’s the difference between MLEWIV and MLERIV? Why does MLERIV not imply MLEWIV?

2 Generic Response

Respond to the readings following the guidelines in the course syllabus (under “Submit Comments and Presenting Papers”).
