Weekly
Newsletter
Wk. of August
13~17, 2018

Welcome to 4th grade
English Language Arts!
The students have learned about
their expectations in ELA and
are ready to start the new school
year. A homework pamphlet~

them back to class on the
following day. Students will
also receive instructions on how
to log in to DREAM BOX. DREAM
Box is an online program
designed to help students with

will be sent home every Monday
and will be due on Friday. This
will help prepare students for the
weekly spelling and vocabulary
test. Reading Wonders Unit 1
Week 1 Newsletter is on the back
of this newsletter. ~Mrs. Allen

different math topics. If you have
a laptop or smart device, encourage
your child to complete lessons in
order to increase math proficiency.
~Mrs. Cookes

Hello parents! This week in
Math we will be starting Unit
1. We are focusing on place
value and comparing numbers.
Lessons 3-1 and 3-3 will be
assigned for homework. Please
ensure your child completes
their assignments and brings~

Ms. Rodgers' 4th Grade
SCIENCE All Stars
I'm sooooo excited! This year
This year we are learning to
become junior scientists. Expect
your child to come home excited
about all of the interesting~

things we are learning and doing in Science class. This week we are learning about the SCIENTIFIC METHOD. These are the steps we follow when conducting an experiment or investigation. We are also learning about the~

familiarize students with the 8 connecting themes and their associated enduring understandings that will provide meaning and structure to their social studies coursework this year. Activities will focus~

PHASES of the MOON and what causes the changes in the seasons. *KEY Vocabulary*
Scientific Method Steps:
Ask a question, Make a Hypothesis, Plan an Investigation (Experiment),

on relating beliefs and ideals, conflict and change; distribution of power; individuals, groups, & institutions; location; movement /migration; production,

GO TEAM!
Collect and Analyze Data,
Communicate Results
Phases of the Moon (new, crescent, quarter, gibbous, and full)
~Ms. Rodgers

GO TEAM!
distribution, and consumption; and technological innovation to students. Look for more information on these connecting themes throughout this week.
~Mrs. Woods

Woods' Corner.....
