

# How to release your file in Slideshare under a CC license

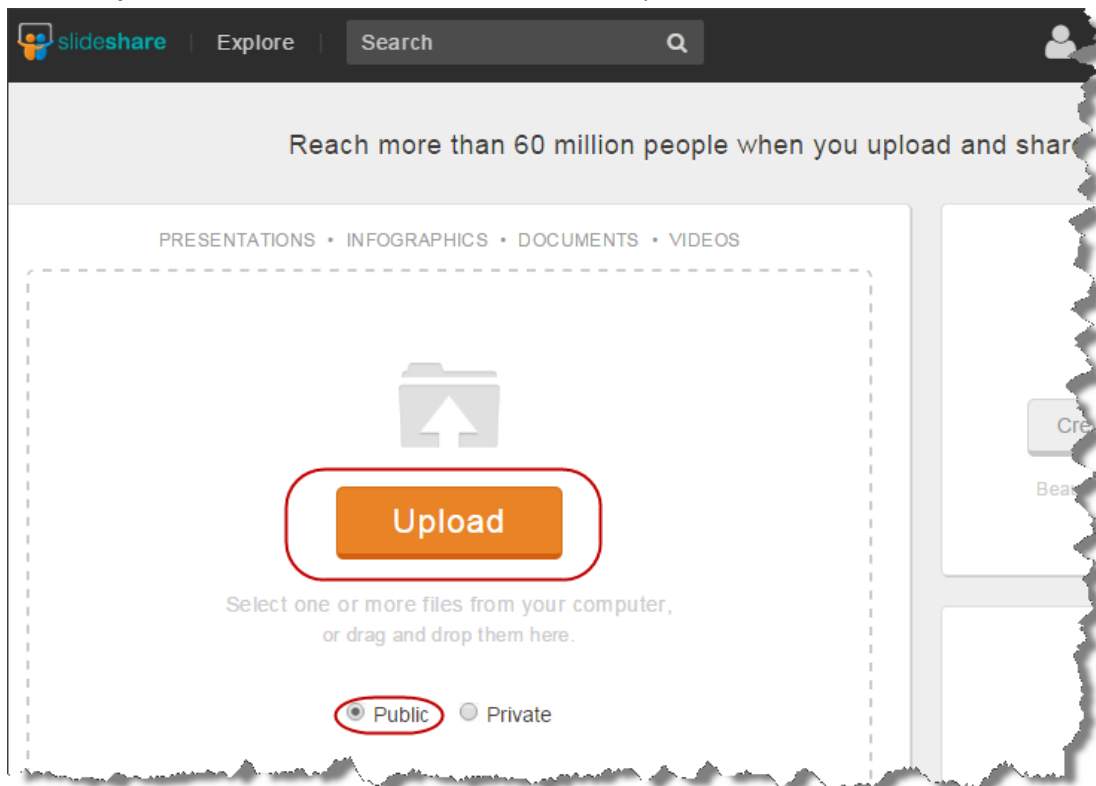

---

1. Create an account and **login** Slideshare.

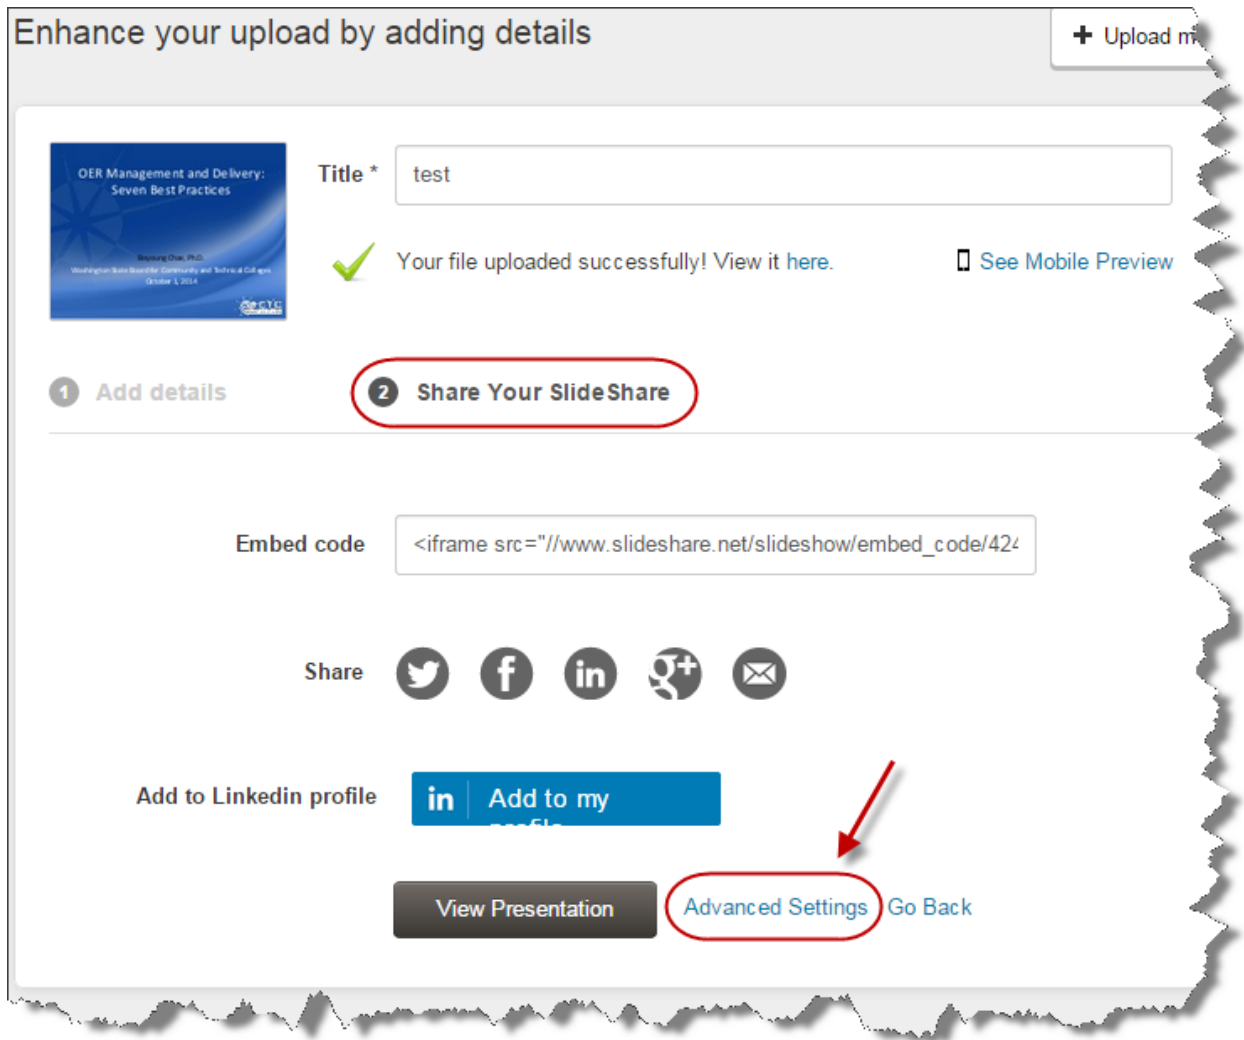

2. After logging in, click **Upload** on the right top of the screen.

3. Click **Upload** button in the middle. Choose **Public** option.

4. After uploading your file, add details.

5. Then click **Share Your SlideShare** tap, and **Advanced Settings** at the bottom.

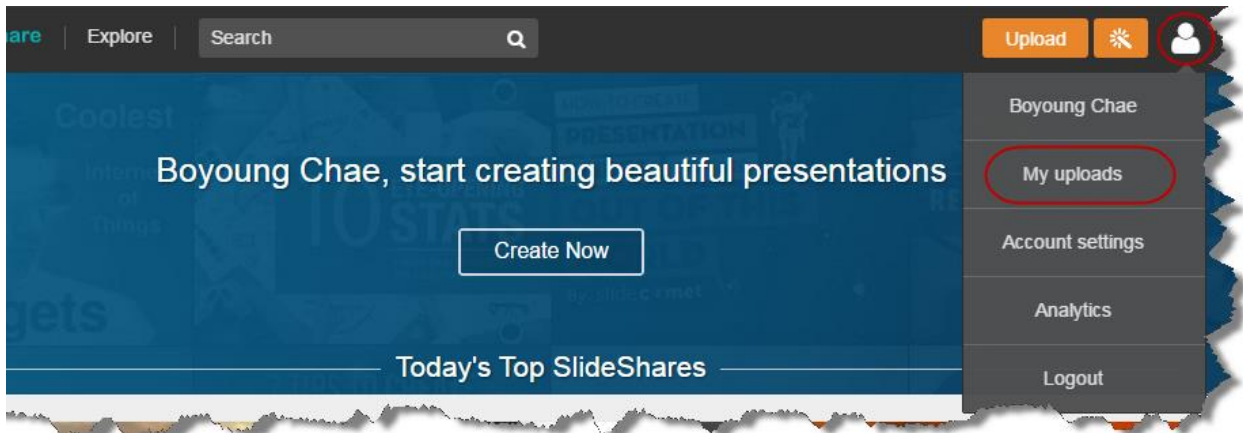

[Go to next page]

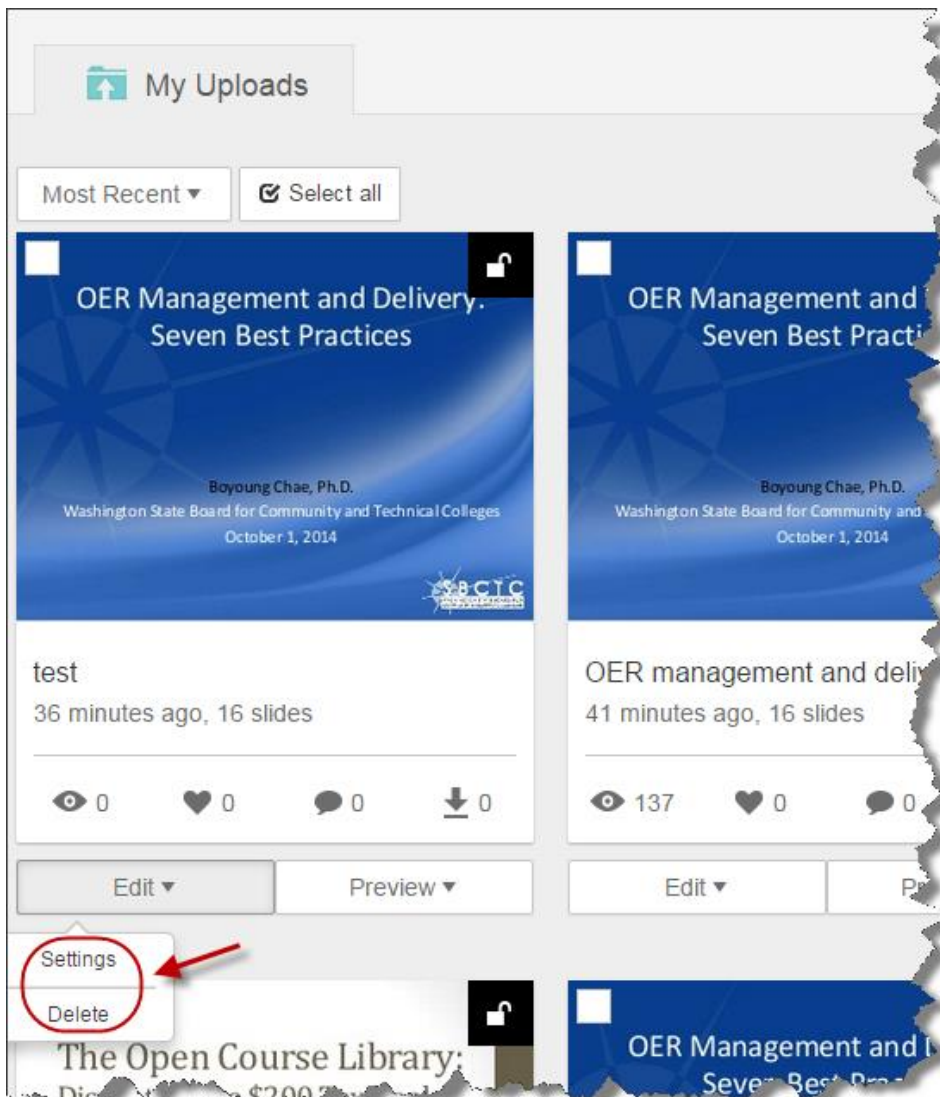

6. Click **Edit Details** tab. Then **choose a license** and click **Update**.

The screenshot shows the 'test' video edit page on SlideShare. At the top, there are four tabs: 'Edit Details' (circled in red with an arrow pointing to it), 'Privacy Settings', 'Re-upload', and 'Edit YouTube Video'. Below the tabs are several form fields: 'Title\*' (containing 'test'), 'Description' (containing 'test'), 'Tags' (containing 'separate tags by comma'), 'Choose Category' (set to 'Education'), 'Language' (set to 'English'), and 'Player Background Color' (set to 'White'). At the bottom, there is a 'Choose a license' dropdown menu (circled in red with an arrow pointing to it) which is open, showing a list of license options: 'All Rights Reserved', 'CC Attribution License', 'CC Attribution-NoDerivs License', 'CC Attribution-NonCommercial License', 'CC Attribution-NonCommercial-NoDerivs License', 'CC Attribution-NonCommercial-ShareAlike License', and 'CC Attribution-ShareAlike License'. A red speech bubble with the text 'Choose one of them.' points to the license list. A 'Learn more.' link is also visible next to the license list.

7. To change setting of an already uploaded file, click the person icon and select **My uploads**.

8. Click Edit and Settings.

9. Click **Edit Details** tab. Then **choose a license** and click **Update**.
